

CoDEO Virtual Conference 2021 FAQ's

When is the conference being held?

The conference is being held in both pre-recorded and live virtual formats. All Live-streamed workshops will be presented during the day on January 23rd and 24. Pre-recorded workshops will be available starting January 21st.

How do I “bring” myself or my students to the CoDEO Conference?

That is entirely up to you! Because of the virtual format, attendance at the CoDEO Annual Conference can look very different depending on your school and surrounding community: Host an in-school field trip for your students to participate in sessions together; Have an in-studio conference all day on Saturday and Sunday; Set-up mini breakout rooms with projectors and students participating in workshops they are most interested in. If it works better you can provide the links to your registered students to participate on their own time at home. All pre-recorded links will be available from January 21-January 24 for viewing at your own pace, in your own space.

We invite you to get creative with how you'll “attend” the conference with your students this year. The important thing to remember is that by participating in the Virtual CoDEO Dance Education Conference, you are a part of the larger Dance Community in Colorado.

Are students limited in how many workshops they can attend?

No! They can attend all of them if they have the time and interest. Live-streamed workshops will be offered one at a time, and pre-recorded workshops are taken on your own time.

What do conference registration fees go towards?

Conference registration fees go towards offsetting the cost of the virtual platform as well as setting up CoDEO for future conferences. Additionally, our presenters are compensated for their time and expertise, and we will continue to do this for the 2021 Virtual Conference.

In what format should videos be submitted?

ALL videos (Scholarships, NHSDA Student Choreography Showcase, Colorado Dance Showcase) should be Mp4 files or .MOV files. Please **DO NOT** link to a YouTube or Vimeo video.

What are deadlines for registration, video submissions, and audition uploads?

- **Call for Proposals Submission Deadline: December 12, 2020**
- **Performance - NHSDA Student Choreography and Colorado Showcase
Registration Deadline: December 12, 2020**
